CLEARANCE

Inside rod measurement. It is the distance from the mounting surface to inside of the curtain rod.

Important consideration if an under treatment is to be used.

PROJECTION

Outside rod measurement. It is the distance from the mounting surface to the front of the curtain rod.

Premium Lockseam Curtain Rods

Designed to hold the heaviest weight curtain panels

Threader cap provided for snag free curtain application

Universal brackets can be used on right or left side

Use double rods when layered treatment is desired
