

**Features**

- Upgrade an existing installed DTV I auxiliary interface (K-686) or DTV II auxiliary interface (K-658) to the DTV+ interface (K-99693)
- Kit includes a cover plate and a wiring connection adapter to utilize existing in-wall cables
- Note that the installed primary interface must be converted at the same time using the appropriate conversion kit
- Note that DTV I and DTV II landscape auxiliary interfaces (K-685 & K-657) cannot be upgraded to the new DTV+ interface

**Material**

- Premium material construction for durability and reliability

**Installation**

- The conversion kit cover plate attaches to the existing DTV I/II interface wall sleeve. The new DTV+ interface clips into the cover plate (DTV+ mounting bracket is not required)

**Codes/Standards**

None Applicable
