TRAINING PADS

**MAKING "UH-OH"
MOMENTS SIMPLE.**

For Housebreaking Puppies and Stay-at-Home Dogs.

ACCIDENTS WILL HAPPEN.

Lil' Squirts training pads are perfect for the patient puppy parent who understands that house training is a process and wants their pet to succeed.

Lil' Squirts Training Pads are all engineered to provide up to 12 hours of protection. Our pads are built with our **ULTRALOCK™ ABSORBENT CORE** which is designed to turn liquids into gel. This helps to prevent leaking or seepage. Additionally, our training pads are treated to attract dogs to the pad, keeping your home safe, clean and smelling fresh.

Lil' Squirts training pads allow families to feel confident that they've made the right choice.

Regular Training Pads

Our Regular pads have the capacity to lock in over 3 cups of liquid, over 2 times the average amount a 50 lb. dog would eliminate in 12 hours.
