The M12™ Cordless 3/8" LITHIUM-ION Ratchet is the most compact and powerful ratchet in its class. At only 10-3/4" long and 1.9 lbs, this lightweight tool is the ideal fastening solution for automotive mechanics and maintenance & repair professionals desiring maximum performance, portability and productivity. The compact 3/4" low profile head design allows users to work in the tightest of spaces or engine bays. The M12™ Cordless 3/8" Ratchet utilizes a powerful 12V motor to produce up to 35 ft-lbs of torque and 250 RPM, giving users the power and speed of a pneumatic ratchet with freedom from the air

★★★★☆ 4.0

"Replaces an air tool, but big"

PROS High Power Output

CONS Heavy / Bulky

BEST USES Car Maintenance

Comments about M12™ Cordless LITHIUM-ION System M12™ Cordless 3/8" Ratchet Kit:

I use this for basic, low torque bolts you come across with car maint. I wish it was as compact as the air ratchet I use. The battery life and power makes it convenient, but not as versatile as a compact air ratchet.

BOTTOM LINE Yes, I would recommend this to a friend
