

Large Catch Basin Kits

Our strongest, highest capacity catch basins now available in a single convenient package.

Everything You Need

All-in-one kits make purchasing and installation fast and easy

Performance & Durability

Impressive high-flow capacity, compatibility with pipes up to 12-inches in diameter, and grates for traffic applications means you can drain big lawns and parking lots.

Better than Concrete

The convenience of plastic provides all the performance you need with a catch basin that is much easier to transport and install.
