Material Number B132100, Drop Tee C x C x C - Cast, 711-5

The drop tee features solder cups and mounting ears. This fitting allows for a connection to be made in continuous pipeline and branch out to a different direction. The ears allow the fitting to be secured to a wall or ceiling support using a nail or screw. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in
