Material Number NF843C8, PC585-70-HC - Ball Valve - Bronze, 250 PSI, Hose Connection

The full-port ball valve is ideal for commercial and light industrial applications that require garden hose connections for drainage purposes. The valve is equipped with reinforced PTFE seat rings and a chrome-plated brass ball. The NIBCO® Press System® is user friendly, quick and easy to install. The press end connections with an inboard bead and EPDM O-rings allow quick and easy joinery to the piping system. Simply applying pressure from a press-fit tool tightens the O-ring onto the tube,
