

**Now Available in a 260" roll**

# Hercules MEGATAPE™

**Nothing performs better!**

**Looks better** - 80% of shower heads sold are chrome or nickel. Gray blends better.

**Performs better** - Harder, sharper low-lead and stainless steel threads demand a thicker, denser tape. And no other tape contains more PTFE than MEGATAPE.

Use MEGATAPE on any threaded pipe carrying dilute acids, compressed air, aliphatic solvents, dilute caustics, cutting oils, diesel fuel oil, hydraulic fluids, L.P. Gas, natural gas, petroleum solvents, steam, vegetable oils, water and many more.

**Each carton of Megatape comes in a merchandising display box**

**Seals on a huge variety of threaded piping systems:**

- > Stainless steel pipe
- > Cast iron
- > PVC, CPVC and ABS pipe
- > Brass and chrome fittings
- > Gas connections
- > And more!
