BIG JOB?  
TIGHT BUDGET?

**ONE  
CHOICE.**

**RELIABLE VALUE™**

Plumbshop delivers tough and reliable water stops, water connectors, gas connectors and push connect fittings, all at a great price-point. They're the perfect choice for your most budget-sensitive projects: hard working, long lasting, and great looking. For large volume commercial and residential construction projects, where cost can make the difference, Plumbshop delivers high-value solutions backed by over 70 years of engineering and manufacturing excellence.

That's because Plumbshop is brought to you by Brasscraft Manufacturing Company – one of the most trusted and respected leaders in the plumbing industry, around the world.

## Water Stops

### Key features/benefits:

Plumbshop 1/4-turn ball stops are available in multiple configurations for 1/2" and 3/8" applications. They feature tough chrome plating for corrosion resistance, easy-grip ergonomic 1/4-turn handles, and a 1-year limited warranty. Certified lead-free.

- 1/4-turn ball stop; easy on/off operation with a 90 degree turn of the handle
- Chrome plated for corrosion resistance
- Compatible with copper, PEX, CPVC and iron pipe
- For use in potable water locations only

## Water Connectors

### Key features/benefits:

Plumbshop braided stainless steel connectors are available for toilets, faucets, washing machines, dishwashers and ice makers. The braided fibers are designed to bend freely without kinking or crimping. Available in a variety of configurations and lengths.

- Braided stainless steel with PVC inner tubing, stainless steel ferrule, chrome plated nut and rubber seal
- For use in potable water distribution systems in accessible locations only
- Ideal for installations in tight spaces

## Gas Connectors

### Key features/benefits:

Plumbshop combines performance, appearance, and affordability in a line of gas connectors for every need. Strong, flexible, and corrosion resistant, these connectors make safe, long-lasting connections at a great price point.

- Gas connector is 100% leak tested
- Approved for indoor and outdoor use
- Deep corrugations enhance flexibility and maneuverability during installation
- Ideal for large demand appliances such as 5-burner+ gas ranges, furnaces and smaller BTU residential tankless water heaters
- Use with natural, manufactured, mixed and liquefied petroleum (LP or propane) gases and LP gas-air mixtures
- Baked on protective coating helps prevent corrosion from most household chemicals

## Push Connect Fittings

### Key features/benefits:

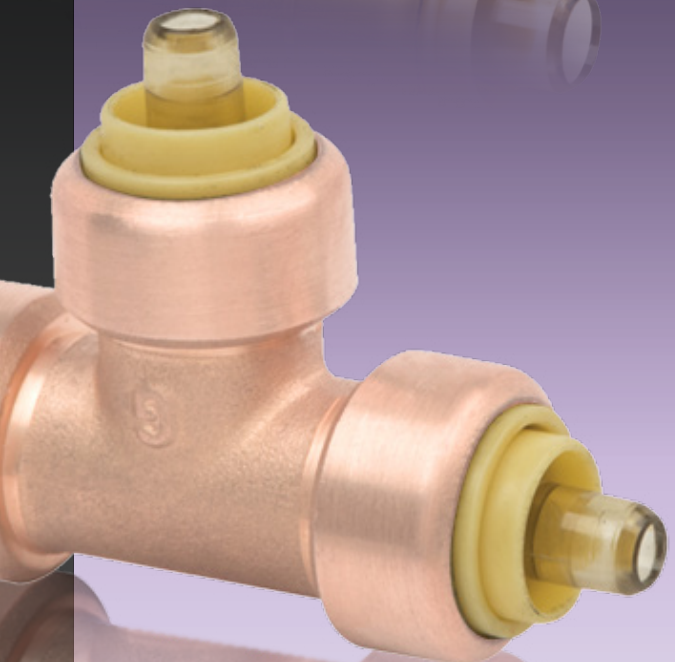

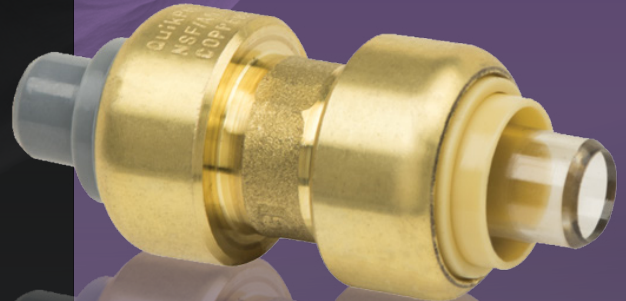

Plumbshop push connect fittings provide a quick, easy, and cost effective installation. Push connect technology lets you connect with confidence for a fast, reliable connection to join copper, PEX, CPVC pipe without soldering or gluing. Available in a wide range of configurations and sizes.

### Brass

- Forged from lead-free brass
- For indoor use
- For use in potable water distribution systems
- No installation tools required, no solder or glue needed
- Designed for hot or cold water use
- Can be installed in wet or dry installations

### Copper

- Formed copper, machined threads
- For indoor use
- For use in potable water distribution systems.
- Provides a uniform and attractive appearance when connected to copper pipe
- No installation tools required; no solder or glue needed
- Designed for hot or cold water use
- Can be installed in wet or dry installations
- Smooth copper finish
