HOW TO MEASURE

TIPS: If you don't have a measuring tape, use a piece of string and hold it alongside a ruler. For the best fit, we recommend you measure without clothing. If in between sizes, size up for growing child.

1 WAIST

Measure your waist where you normally wear your pants (Subtract 1" if you're measuring over clothes).

2 HIPS

Stand with heels together and measure around the fullest point of your hips, keeping the tape parallel to the floor.

3 INSEAM

Measure the distance vertically, from top of inner thigh to floor, without wearing shoes.
