HOW TO MEASURE

TIPS: If you don't have a measuring tape, use a piece of string and hold it alongside a ruler. For the best fit, we recommend you measure without clothing. If in between sizes, size up for growing child.

Measure with the tape placed around the base of the neck and add $\frac{1}{4}$ " to the measurement. Round up to the closest $\frac{1}{2}$ " neck size.

2 CHEST

Measure around your upper body just under arms, across shoulder blades while holding tape measure firm and level.

3 SLEEVE

With arm straight next to the body, measure from the shoulder bone to the wrist bone.

4 WAIST

Measure your waist where you normally wear your pants (Subtract 1" if you're measuring over clothes).

5 HIPS

Stand with heels together and measure around the fullest point of your hips, keeping the tape parallel to the floor.
