**TIPS:** If you don't have a measuring tape, use a piece of string and hold it alongside a ruler. For the best fit, we recommend you measure without clothing on.

1 NECK

Measure with the tape placed around the base of the neck.

2 CHEST

Measure around the fullest part, place the tape close under the arms and ensure the tape is flat across the back.

3 SLEEVE

With arm straight next to the body, measure from the shoulder bone to the wrist bone.

4 WAIST

Measure around your waist at the narrowest point.

5 HIPS

Stand with heels together and measure around the fullest point of your hips.

6 THIGH

Measure around your thigh, approximately one inch below the crotch.
