Pivot motors provide the control and power for general cutting of all kinds of hair. Complete with stainless-steel blades and accessories, these kits are an outstanding value for stylists and barbers alike. With lower cutting speeds and the ability to use on all hair types, the Pivot Motor Combos are also ideal for cosmetology and barbering students.

DETACHABLE BLADE CLIPPERS

79005 DBLC-2

Supra ZR® II Detachable Blade Clipper

Speed: 5-Speed

Motor: Rotary - 1,800-3,800 SPM

Weight: 16.5 oz

CeramicEdge® Size 000 Blade #64480

WORKS WITH ALL ULTRAEDGE® AND CERAMICEDGE® BLADES

INCLUDES:

- Charging stand
- Charging adapter
- Additional blade drive
- Blade oil

Our most powerful cordless detachable blade clipper features a removable battery pack. Powerful lithium-ion battery can be removed from the unit and charged separately. Improved battery gives longer run time (up to 3 hours) with a 2-hour charge time. Five speeds: Adjustable from 1,800 to 3,800 strokes per minute. Cuts any hair type—wet or dry.

The Wide GTX™ blade's deep-tooth pattern allows more hair to feed faster, without sacrificing precision and can also be zero gapped. The wider blade creates an improved line of sight to the cutting surface making it easier to perform precision trimming. Lithium-ion battery delivers up to 2 hours of run time with a 2-1/4 hour charge time.

Balanced, ergonomic trimmer for light-duty touch-ups and trimming around necklines. Sleek, lightweight, cord/cordless design for greater flexibility. Equipped with close-cutting T-blade. Lithium-ion battery delivers up to 2 hours of run time with a 2-1/4 hour charge time. Improved motor for increased speed, power and life.

Ideal for trimming beards, moustaches, necklines, outlining and edging around ears. Comfortable soft grip inlay on upper housing. Fine cutting teeth for extremely close trimming. Carries enough charge for 1 hour of run time and recharges to full power overnight. Can be used with or without cord.

66560

The right motor for optimal performance.

Andis® products are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis selection will deliver the high-quality results you've come to expect when you pair the correct motor with the right application.

MAGNETIC MOTORS

Reliable Power & High Blade Speed

Magnetic motors run at high speed resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest lasting of all the motors.

PIVOT MOTORS

High Power & Lower Blade Speed

Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool running and long lasting.

ROTARY MOTORS

High Power & High Blade Speed

Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

BRUSHLESS ROTARY

Brushless motors deliver more power and torque than standard designs. They also last longer and weigh less.

MAINTENANCE PRODUCTS

Cool Care Plus®

12750

Spray can, 15.5 oz - 12 to a case

Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth. Cool Care Plus® has demonstrated effectiveness against viruses similar to SARS-CoV-2 on hard, non-porous surfaces.

EFFECTIVE
AGAINST
COVID-19

Andis® Clipper Oil

12501

4 oz bottles - case of 48

Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

Blade Care Plus®

12570 (Jar) & 12590 (Spray Bottle)

Dip jar, 16.5 oz - 12 to a case

Spray bottle, 16 oz - 12 to a case

In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Blade Brush

12415

The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.

ACCESSORIES

Clipper Combs

12109, 12499 & 12455

Great for clipper cuts and flattops.

Black - (12109) Use when working with light-colored hair.

White - (12499) Use when working with dark-colored hair.

Pink - (12455) Use when working with any color of hair.

Styling & Cutting Comb

12410

Classic cutting comb shape with wide teeth for low-tension cutting and fine teeth for precision control.

Barber Tapering Comb

12405

Classic taper comb shape with wide teeth for low-tension cutting and fine teeth for precision control.

Hair Gripper Accessory

12800

Andis hair gripper accessories hold longer hair during clipping and trimming. Reusable, easy on and off—won't damage hair. Two pieces per package.
