Our Story

For four decades, Mirolin has grown and evolved into the Canadian leader, manufacturing innovative and trend setting acrylic tub and shower products.

With our manufacturing facility in Toronto, Ontario, Mirolin is a national manufacturer in the acrylic tub and shower industry; proudly servicing the new home construction, home improvement and renovation markets Canada-wide. Mirolin offers a full product assortment to suit the needs of our customer base coast to coast.

Mirolin will continue to be the leader in the bath industry for this generation and the next.

A History of Service & Excellence

Service Excellence

Mirolin prides itself on providing exceptional customer service and after sales support. Our “Team” are highly skilled professionals who deliver product knowledge and training coupled with our dedicated “in-house” service technicians.

At Mirolin, we are committed to going above and beyond for your business.

The Mirolin Brand

The Mirolin® Brand has a solid reputation for enduring quality, innovation and value through an extensive and complete product assortment. Our one piece and multi piece designs offer a bathing fixture solution to meet any home renovation or new construction applications.

Our products will be part of your day-to-day life for years to come, which is why we are constantly striving to offer premium innovative bath and shower products.

Mirolin acrylic products deliver quality and durability with trend setting designs that offer great value for generations of enjoyment.

Our Commitment to Quality

Mirolin is committed to on-going improvement and sustainable, ethical practices. Our goals are continued growth, commitment to quality and consistently exceeding our customers' expectations.

At Mirolin, we have made a conscious choice to deliver a better product. We don't compromise on quality because as consumers ourselves, we wouldn't expect anything less.

Our Commitment to the Environment

Our Promise

Mirolin is deeply committed to being a responsible corporate citizen. We promote on-going conscientious practices in both manufacturing and in day-to-day operations. Mirolin is constantly looking for new ways to produce less manufacturing waste. We operate our manufacturing facilities as efficiently as possible with conservation of energy and the environment in mind.

Mirolin Will Continue To...

- Employ company-wide recycling programs in all our facilities
- Adhere to responsible manufacturing practices
- Carefully manage material sourcing, process improvement, and supplier selection
- Develop & manufacture products using materials that have less impact on the environment
- Promote and expand recycling programs in place with suppliers
- Identify ways to reduce energy consumption and strive to operate energy efficiently
- Print documents and marketing materials on FSC certified paper products, whenever possible
- Use corrugated materials made only from 100% recycled materials in packaging of products
- Strive to source packaging materials that can be recycled by our customers
- Provide on-going education to our employees on ways to be more eco-friendly at home and work

Acrylic Freestanding Tubs

A collection of acrylic freestanding baths that inspire luxury with sleek contemporary lines and alluring silhouettes. Tempting soaker baths in modern and traditional designs that will transform and inspire your bathing experience.

Snap Fit System

"Snap Fit" System
CAN. PATENT NO. 1240072
Maintenance Free Overlap on 3-pc.

1 Easy Full Front Installation

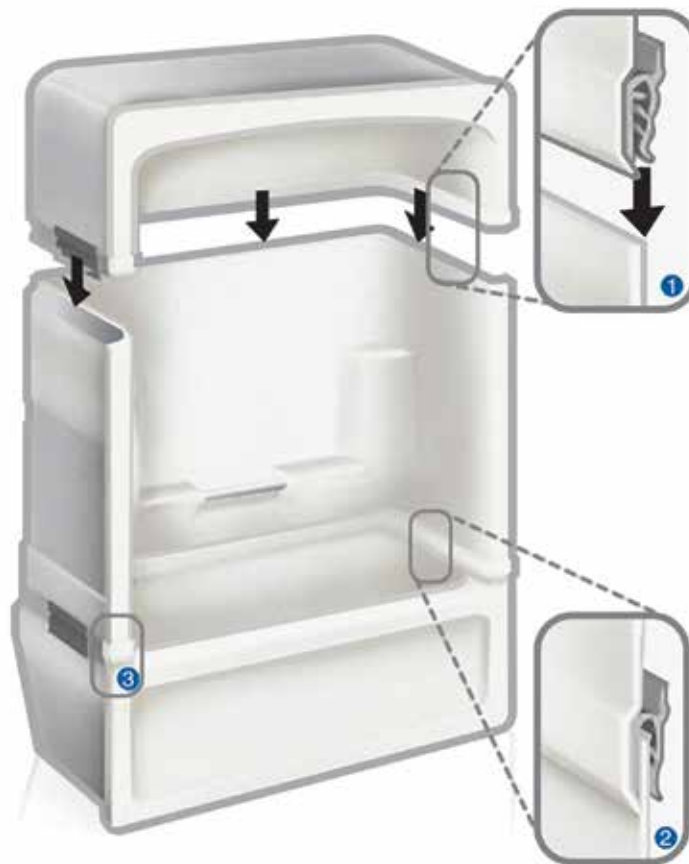

Mirolin's "full front" installation allows for easy installation and requires no access to the rear of the unit.

2 Snap Fit System

Snap Fit makes installation easy as 1-2-3.

3 Overlap Joint

The unique overlap joint provides an invisible seam that water cannot penetrate.

Mirolin Hydrotherapy

Whirlpool Tub

Why not turn your bathroom into a relaxing sanctuary by adding a whirlpool system to your Mirolin tub? High performance whirlpool jet technology and a $\frac{3}{4}$ hp pump ensure the ultimate whirlpool experience. With one simple turn, customize the desired water pressure and direction of flow with the fully adjustable whirlpool jets.

Whirlpool Heater

Getting out of the tub so soon because the water is getting cold? Add a factory-installed whirlpool heater to any whirlpool tub and enjoy a warmer, more relaxing bath for longer!

Backjet System

The system features a set of soothing jets to help ease sore back muscles and help you relax.

Emotional Benefits

- Increases over-all sense of relaxation
- Creates a calming effect
- Creates a feeling of well being while reducing anxiety
- Creates awareness of body-mind connection, enhances a sense of harmony

Skin

- Improves circulation to nourish the skin
- Activates neurons and nerve receptors to the skin
- Helps unlock and eliminate fatty deposits
- Massage helps to create a calm state of alertness while reducing mental stress
- It can create a calmer mind and increases the capacity for clear thinking
- It can relax and allow the body to release stored stress in the circulatory system

Skeletal System

- Helps maintain correct posture and body balance
- Reduced muscular tension eases structural problems
- Restores fluid to joints and joint capsules to loosen joints
- Relieves the tension on ligaments and tendons surrounding problematic joints

Muscular System

- Relaxes and stimulates the muscles
- Releases chronic muscle tension and pain
- Reduces physical fatigue
- Releases muscle spasms and cramps to relieve soreness and stiffness
- Reduces fibrosis in the muscles

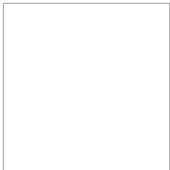

Circulatory Benefits

- Increased supply of oxygen and nutrients to cells throughout the body
- Blood circulation is improved
- Lymph fluid, (a major part of the body's immune system) is moved efficiently throughout the body
