

4C-2C Cold Stem for Eljer Faucets

Repair your leaky faucet with the Danco 4C-2C Cold Stem for Eljer Faucets. Replacing a faucet stem is an economical alternative to replacing the entire faucet. A dripping faucet wastes both water and energy. The installation of a new faucet stem and seat will stop the drip and return your faucet to like new condition.

Model # 15787E

Product Description

Repair your leaky faucet with the Danco 4C-2C Cold Stem for Eljer Faucets. Replacing a faucet stem is an economical alternative to replacing the entire faucet. A dripping faucet wastes both water and energy. The installation of a new faucet stem and seat will stop the drip and return your faucet to like new condition.
