Quality Weatherproof Electrical Equipment

Residential/Construction, Service Entrance

Product #: U281C1

Short Description: 200A SURFACE UNMTRD 9X21

SPECIFICATIONS

Category	Surface - UnMetered
Heads	1
Mounting	Surface
Amps	200.0
Metering	Unmetered
Receptacles	None
Feed	Overhead
Installed Breaker	CB4200H
Additional Breaker Spaces Per Head	4
Wiring Configuration	Series
AIC	22,000
Cabinet Size	9 X 21
Circuit Protection	Yes
Hub Provision	Yes
Load Center	LCBS , LCTL
Loop Feed	No
Phase	1
Stock Class Code	Stock
Certification	UL
Unit Weight	19.0
UPC	078456757845
Volts	120/240

National Electric Code requires electrical distribution equipment to be rated as "Service Entrance", wherever electrical power enters a building or other structure. Service entrance products are typically utilized on single-family residences and mobile homes. Midwest Electric offers a broad range of surface mount and pedestal units, factory assembled and wired. Pedestal units come standard with loop feed lugs to reduce installation time and labor expense. Service Entrance equipment is made of heavy, galvanized G-90 steel, preventing corrosion and fading.
