## Features

- REDLINK™ Intelligence: Provides optimized performance and overload protection using total system communication between tool, battery and charger
- REDLITHIUM™ Battery Technology: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market
- Electropneumatic mechanism: Drills up to 5/8" holes in poured concrete and masonry
- Powerful 12-volt motor: Delivers 0-900 RPM and 0-6,200 BPM for superior performance
- Compact, lightweight design: Allows you to work comfortably in tight spaces and all day
- 2-Mode operation: Choose rotary hammer or rotation only for maximum versatility
- LED light: Illuminates the work surface

## Specifications

<b>Voltage</b>	12V
<b>Battery</b>	M12™ REDLITHIUM™ XC4.0
<b>Charger</b>	12V charger
<b>Battery Warranty</b>	3 Year
<b>Length</b>	10"
<b>Weight</b>	3.9 lbs
<b>LED Light</b>	Yes
<b>No Load Speed</b>	0-900
<b>BPM</b>	0-6,200
<b>Solid Bit Capacity</b>	5/8"
<b>Drilling Mode</b>	Rotary Hammer and Rotation Only
<b>Tool Warranty</b>	5 Years

## Overview

The Milwaukee® M12 FUEL™ 5/8" SDS Plus Rotary Hammer Kit provides up to 2X more runtime, up to 75% more speed and the largest SDS Plus bit capacity in its class. Milwaukee has combined its exclusive POWERSTATE™ Brushless Motor, REDLITHIUM™ Battery Pack, and REDLINK PLUS™ Intelligence to deliver a 12V rotary hammer that rivals compact 18V tools on the market today. At only 10" long and 3.9 lbs, this tool provides performance and runtime that is comparable to a much larger tool, at a fraction of the size and weight. The electropneumatic design allows for drilling of up to 5/8" holes in concrete and masonry. For maximum versatility, regardless of application or orientation, the tool also features 2-mode operation, rotary hammer and hammer-only. The kit includes 2 M12™ REDLITHIUM™ XC 4.0 Extended-Capacity Battery Packs, an M12™ Lithium-ion Battery Charger, and plastic carrying case.
