12" Smooth Jaw Pipe Wrench

★★★★★ (0) Write a review

Our 12-inch Smooth Jaw Pipe Wrench has been designed from the ground to give you maximum productivity. The pipe wrench features smooth jaws with a 2-5/8" capacity that protects surfaces, especially when working with chrome. The 12" smooth jaw wrench has a parallel grip that stays secure while you are using it. The wrench's ergonomic handle form has been designed to maximize your comfort and won't dig into your palms while in use. MILWAUKEE® stands behind their product and offers a Limited Lifetime Warranty with all smooth jaw pipe wrenches.
